NURSING EDUCATION of the 21st Century can be embraced at KPJUC

In response to significant global needs for qualified nurses, School of Nursing at KPJUC has developed a full range of Nursing programs.

Our programs have both practical and theoretical elements to ensure students to be fully prepared for their professional roles. We adopt a blended teaching approach to accommodate contemporary generation learning style.

Students gain preparatory practical experience from our well-developed laboratories on campus before practicing within our 26 KPJ hospitals, clinics and other government health agencies.

The outbound program offered by School of Nursing enhances an exciting learning experience in KPJUC.
